# M SHAFEEK

+91 9895508599 | shafeekm529@gmail.com | LinkedIn | GitHub | Portfolio

## SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Power BI, Excel, and Python, focused on transforming structured data into actionable business insights. Skilled in data cleaning, ETL, data modeling, KPI development, DAX, and interactive dashboard design. Developed end-to-end analytics solutions across healthcare and airport operations using Python, MySQL, Power BI, and modern data analytics workflows.

## SKILLS

### TECHNICAL SKILLS

- Programming & Querying: Python, SQL
- Business Intelligence: Power BI, DAX, Power Query, Power BI Service
- Data & Analytics: Data Cleaning, ETL, Exploratory Data Analysis (EDA), Data Modeling, KPI Development
- Databases & Query Engines: MySQL, Microsoft SQL Server (via SSMS), DuckDB, PostgreSQL
- Libraries & Tools: Pandas, NumPy, Matplotlib, Seaborn, Excel, Jupyter Notebook, VS Code, Git, GitHub

## INTERNSHIPS

**Data Analyst Intern, REVAMP** (Remote) **May 2025 – September 2025**

- Performed data cleaning, preprocessing, and exploratory analysis using Python and SQL.
- Designed KPI dashboards and analytical reports using Power BI and Excel.

**Data Analyst Intern, Edu Tantr** (Remote) **June 2025 – August 2025**

- Performed data analysis and data preparation on structured datasets.
- Created analytical reports and visualizations to identify patterns, trends, and business insights.

## PROJECTS

**InsightForge AI – Business Analytics Platform | Next.js, TypeScript, DuckDB, PostgreSQL** **October - 2026**

- Developed a full-stack analytics platform with secure CSV/XLSX dataset upload, validation, and automated profiling.
- Implemented deterministic data-quality assessment to identify missing values, duplicate rows, empty or constant columns, invalid dates, and high-cardinality columns.
- Built analytical workflows for KPI analysis, descriptive statistics, trend analysis, segment comparisons, and correlation analysis, with interactive visualizations.
- Integrated business analysis planning and evidence-based insights to help users interpret analytical results and identify follow-up business questions.

**Airport Operations Intelligence Platform | Python, MySQL, Power BI** **July 2026**

- Built an end-to-end BI solution using Python ETL, MySQL, star-schema modeling, and Power BI.
- Developed DAX KPIs and four interactive dashboards covering airport, airline, delays, and executive performance.
- Implemented data validation and transformation workflows for reliable operational analysis.

**Healthcare Operations Intelligence Platform | Power BI, Power Query, DAX, Excel** **August 2026**

- Developed a 17-table healthcare analytics model covering clinical, operational, and financial data.
- Built nine interactive dashboards with DAX KPIs, time-based analysis, and performance comparisons.
- Published the completed solution through Power BI Service and Power BI App for structured business reporting.

## CERTIFICATIONS

- Complete Data Analyst Bootcamp from Basics to Advanced – Udemy | Sep 2026
- Data Science and Data Analytics – REVAMP | Sep 2025

## EDUCATION

B. Tech - Artificial Intelligence and Data Science | Dhaanish Ahmed Institute of Technology, Coimbatore, Tamil Nadu
2022 – 2026 | CGPA: 8.73
